

Go Fishing at Barren River Lake State Resort Park

Barren River Lake State Resort Park is in the center of some of the best fishing in Kentucky for largemouth bass, black and white crappie, and hybrid striped bass. Anglers can also have good success catching spotted (Kentucky) and smallmouth bass. White bass, bluegill, channel catfish, flathead catfish also offer good fishing. Resting along the bank of 10,000-acre Barren River Lake, this state park has all of the conveniences for anglers, including two boat ramps, a fish cleaning station, and a marina. Six additional boat ramps are located on the lake.

Excellent fishing also occurs in the tailwater below Barren River Lake Dam, particularly during the spring and early summer, for crappie, hybrid striped bass, and channel catfish. Bluegill, white bass, and flathead catfish can also be caught in the tailwater. A boat ramp and campground are available within the tailwater area.

You can fish for rainbow trout at Peter Creek, which is less than 10 miles from the state park. This stream is stocked each month from April through September at Hwy 921 and Hwy 3179 bridges.

Plan an extended fishing trip at Barren River State Resort Park and enjoy the scenic beauty of the forested hillsides of Barren River Lake. During your visit, you can stay at either Louis B. Nunn Lodge, one of 22 cottages, or the campground.
